PeerSpot

# Turn PeerSpot Reviews into ✓AWS Proof Points

Fast-track AWS Competency with AWS-ready PeerSpot reviews

CUT THE PROOF POINT CHAOS

AWS Competency requires **customer proof points**, but approvals, legal, and getting customers on the record can slow you down.

PeerSpot is the **trusted third-party partner** that helps vendors **get customers on the record** and **secure authentic, purchase-verified reviews** aligned with AWS Customer Proof Point story requirements, making it easier to meet competency requirements.

HOW IT WORKS

1. Collect customer reviews
2. Align to AWS requirements
3. Export PeerSpot reviews as PDFs for submission
